

About Greener Greens

June 2010

Greener Greens is an independent organic fresh foods delivery service provider based in Leigh near Reigate Surrey.

Our aim is to bring to you the freshest, highest quality, locally produced, organic vegetables, fruit and herbs and a wide range of organic wholefoods and non-food items. We prefer to work with specially selected smaller growers committed to high organic, welfare and environmental standards and have established relationships with some fabulous producers. The best testament to the excellence of our growers comes from our clients - who continually enthuse about the taste and freshness of our food.

Our roots are two businesses, Body & Soul Organics, a bespoke (choose what you want) delivery service and Greener Greens, a box scheme. Over several years we have worked with our clients, many of whom are managing illness through diet or have special dietary needs, to develop an extensive catalogue which includes fresh produce, dairy, cheeses, meats, wholefoods and cleaning products. Whether you like the convenience of a box scheme or wish to choose your own fresh produce, we believe that Greener Greens can meet your needs.

We are Soil Association licensed but have a particular penchant for biodynamic farming, a self-sustainable and lunar influenced type of farming where animal feed, bedding and manure is produced in-house and pests and disease are avoided by providing a balanced environment.

We have established a wonderful relationship with the biodynamic certified Forest Row Community Farms. The eggs, soft and hard fruits and apple juice from Orchard Farm are the best we've ever tasted. The vegetables from Cherry Gardens and the meat from Tablehurst Farm are exceptional and the cheeses and yoghurts and dairy goods from Plaw Hatch are rightfully award winning!

We also have an exclusive arrangement to supply a small but superb range of Greek produce including to die for tahini & olive oil! Greener Greens is committed to the health and well being of its Community and is actively involved in community project associated with healthy eating. By way of example Greener Greens is a co-founder of the Leatherhead Vegetable Community Garden initiative which encompasses grow-your-own facilities, nutritional, cooking and other advice. We also work closely with the local Childrens' Centre supplying ingredients and know how for parent cooking classes.

We deliver to a wide area of Surrey, West Sussex and London. Our delivery area is loosely defined by the perimeter Milford, Guildford, Woking, Kingston upon Thames, Epsom, Blindley Heath and Horsham.

Deliveries are weekly and no delivery charge is applied.

If you are interested in talking to us about our service, our produce or our ethos please do not hesitate to call us on 0845 4674 192 or e-mail us on info@greenergreens.com.
